

15" Touchmonitor 12-24V DC

lin15

Specifications

LCD

Size / Type : 15" TFT LCD

Resolution : 1024x768

Backlit : LED with 30000 hours

Brightness : 450cd/sqm

Viewing Area : 304.13mm x 228.10mm

Viewing angle : (L) 80 / (R) 80 / (T) 70 / (B) 70

Touch Screen

Size / Type : 15 inch five-wire resistive screen

Communication : USB or RS232

Resolution : 4096x4096

Click life : 250g efforts, 35 million times

Draw life : 250g efforts, 5 million times

Transmittance : More than 81%

Mechanism Parameters

Front Panel : Aluminum alloy, cover with PET film

Box structure : High-strength sheet metal structure

Indicators : Power switch and indicators at the back panel

Signal input : Supports VGA and DVI

Mounting : Supports Panel and VESA mounting

Dimensions : 395 × 313 × 54mm (W×H×D)

Case Size : 373 × 297 × 48mm (W×H×D)

Hole Size : 376×300mm(W×H)

Weight : 4.3kg

Power and Environmental

Working tem. : 0~+50°C

Storage tem. : -30~+70°C

Relative humidity : 10~95%@40°C (No condensation)

Vibrating : 50~500Hz, 1.5G, 0.15mm Peak to peak

Shock : 10G/peak (11ms sec)

Power in : DC 12V/DC24V

Consumption : 10 watt

Waterproof : Front panel IP65

EMC : CE/FCC Class A
